Those of you who ever have visited any Mountain Range know something of the feeling of freedom one receives from the disturbing vibrations of the petty thoughts and feelings which plague the outer self. This greater clarity of consciousness and the feeling of God-freedom are those which one receives from these great Beings and are intensified a thousand fold as one enters Their Holy Temple and actual Presence. Anticipate experiencing those feelings of joyous and complete freedom! Accept them!

In your outer consciousness, it is not vitally necessary at this time for you to remember your actual visit to the Ascended Masters' Retreats (where you do really go when you so consciously direct your Holy Christ Self to take you there in consciousnes, while your body sleeps!) In fact, it is a great mercy that many do not bring back the fullness of such remembrance for, such memories might make your needed services in the mundane world more difficult to perform. You see, remembering the beauty, ease and peace in and through which you functioned there might make service in the lower vibrations of the astral world in which you abide even less attractive than they sometimes are!

Therefore, since I am He Who secured this Dispensation which allows the opening of the Retreats to unascended beings through projected consciousness and set into action certain aspects of the Cosmic Law wherein and whereby you might be apprised of the activities in these Ascended Master Foci, I am also the One to encourage you to feel NO sense of disappointment or discouragement if, at least for the time being, you do not vividly remember such experiences. However, BY NOW you should be able to FEEL THE RESULTS of such visits and be able to experience as well as use their practical benefits in your daily lives. As your four lower vehicles become *completely purified* of the causes and cores of every human distress, you then will be able to remember every detail of such visits—just as easily as you are able to remember the details of a trip taken by you in your outer consciousness. Of course, in order to be able to bring back such remembrances, one will have to be humble, grateful, reverent and wise enough to hold the privilege of such visits and their attendant blessings in the Sacred Heart of the Silence, allowing your LIGHT—not your lips—to proclaim your having had the blessing of actually sitting at the feet of the Ascended Host!

Lovingly yours in the ever-expanding consciousness of Illumination here on Earth—

Volume VII **AUGUST, 1958** **No. 5**

To the Beloved God and Goddess Meru—Guardians of the Flame of God-inspired Illumination:

We thank You for Your glorious Golden Flame which flows so freely from Your hearts as a constant benediction into the outer consciousness of those of the people of Earth who are *willing* to receive It and who *consciously prepare* themselves so to do.

To You Beloved Ones, We send GREETINGS—BLESSINGS and LOVE from the hearts of the Spiritual Brotherhood Who are endeavoring to serve the Earth and Her attendant evolutions through the loving co-operation of unascended beings who are interested enough in Our Cause to be willing to serve It. Through self-conscious endeavor, such chelas prepare themselves to receive Your gift of Illumination with the full, conscious knowledge that such Illumination will not only shed Its blazing light upon their individual Paths, but will also reveal to them whatever human shadows are still abiding in their worlds. Such imperfections, *if allowed to remain*, will delay their progress toward personal and collective self-mastery.

To Our dear chelas who desire the assistance of this Flame, We say:

Particularly during this thirty-day period, open the doors and windows of your souls to these Cosmic Rays of Illumination. Honestly ask that Flame to reveal to you TRUTH concerning the self-created imperfection which yet abides in your worlds; then make earnest and persistent application with the Violet Fire to purify all that is not of God.

The Golden Plume of the Immortal Three-fold Flame within your hearts IS the Illumination Flame and I decree that this Golden Flame shall now ARISE and EXPAND through the brain structure and four lower bodies of everyone desiring to do God's Holy Will on Earth. Let this Flame *fully awaken* the dormant Christus within you and allow It to express the fullness of Itself through your present personality. This will allow your own Beloved "I AM" Presence to *practically* contribute to the permanent Golden Age—that which you alone can give. So be it!

The Homes and Retreats of The Masters of Wisdom

Temple of Illumination—near Lake Titicaca, South America

(August 15th Through September 14th, 1958)

The Temple of Illumination, situated high in the Andes Mountains in South America, is one of the two greatest Foci of Light upon the Planet Earth today. As most of our Gentle Readers know, here is focused the *feminine* Ray, sustained and protected by the Beloved God and Goddess Meru; whereas the *masculine* Ray (heretofore so active for so long) is focused in the Himalaya Mountains, sustained and protected *there* by the Beloved God Himalaya.

These two Rays form the actual axis of the Earth, entering the body of the Earth Itself at the points of Their respective Foci. These Rays are that around which the Seven Mighty Elohim of Creation builded the Planet Earth in the beginning and, where these two Rays meet in the center of the Earth, there is located the Planetary Immortal Victorious Three-fold Flame of Eternal Truth. This is the actual centripetal force within the Earth which, by the magnetic power of Divine Love, holds together the elements which make up the Earth and holds all Her attendant evolutions within Her, on Her surface or in Her atmosphere.

For many centuries, the *masculine* Ray was the predominant Foci of Wisdom upon the Earth, drawing to It many earnest and sincere seekers after Truth. To reach this Retreat in those days, the chela had to travel through many dangerous mountain passes in the Himalaya Range. Within their hearts, such earnest ones had the sincere hope that in this Retreat they would find a Teacher (Ascended or unascended) who could and would help them to find that which would set them free from all human limitation. *Now,* as the Earth is entering the Permanent Golden Age under the direction of the Ascended Master Saint Germain, the *feminine* Ray in the Andes Mountains becomes the predominant Foci for such Wisdom. Gradually, it will be more and more noticeable that the spiritual aspirants will turn their attention to the Andes Mountains rather than to the Himalayas. Thus will be born the new spiritual impetus, coupled with the physical presence of such aspirants as are able and worthy to be the spiritual pioneers to create again an actual Garden of Eden in South America. Here the Beloved Great Divine Director soon will be able to allow the members of the Seventh Root Race to embody (that race of which He is the Manu, i.e., Spiritual Guide, Teacher and Protector) and, eventually, as this perfection so created here expands, it will externalize the full perfection of Heaven on Earth.

In the New Era, through the avenue of developed, protected and guided *projected consciousness,* it is not required of Our chelas today to make the arudous physical journey to South America in order to receive the practical blessings of this Retreat. With the expenditure of a little of their personal energies, coupled with the concentration of their attention upon the Temple of Illumination, the chelas are now able to visit this Holy Retreat IN CONSCIOUSNESS, sit at the feet of the God and Goddess Meru—receive there the priceless instruction from these Divine Beings and, returning into their own spheres of influence, expand God-illumination to others through their own auras.

Ponder in gratitude upon the Great Dispensation which allows you so to visit this Foci of God-illumination and remember daily to give thanks to the Beloved Maha Chohan Who, through His Own personal intervention on behalf of the recalcitrant human race, secured permission from the Great Cosmic Law to allow certain unascended beings who are vitally interested in serving Our Cause to enter these glorious Ascended Master Retreats through projected consciousness.

Like so many of the Ascended Master Retreats of Light, the Foci of the God and Goddess Meru is located high in the Andes Mountains, near Lake Titicaca. This isolated location is chosen so that the idly curious travellers, as well as the spiritual dilettantes, cannot intrude upon Its Holy Presence. Thus the Brotherhood of Illumination continue to radiate forth the Illumination Flame for the benefaction of the entire human race, undisturbed by the violent and uncontrolled emotions of the people who use the Earth as a temporary schoolroom wherein they learn the self-conscious control of energy and vibration.

Remember always that, by the NATURAL magnetic power of Their Divine Love and Perfection, the Ascended Host always draw the consciousness of mankind UPWARD toward Their heights.

However, true God-illumination NEVER—at any time, inflates the egotism of the outer personality but, conversely, creates in the chela a consciousness of ever-increasing humility toward their own individualized "I AM" Presence and the great Universal "I AM" Presence, as well as the Divine Beings Who serve It, assisting It in Its endeavors to bring the redemption of misqualified energies to Earth's evolutions.

The God and Goddess Meru, Their entire Brotherhood of Illumination, as well as Our Beloved Lady Master Nada (for many centuries one of Their well-known Messengers), lovingly welcome into Their Retreat all sincere chelas who are deeply interested in the impersonal development of the greater and greater God-illumination which such chelas may then use to serve their fellowmen—such chelas not being interested in *just the accretion of personal knowledge*. Here these chelas are carefully instructed, guided and protected in their earnest endeavors to develop from within themselves the Illumination Flame with Its attendant virtues of Discrimination, Discretion, Diplomacy and Wisdom, for the greatest possible benefaction of the entire human race.

The Illumination Flame is COMPLETELY IMPERSONAL! Its service is to bring the perfection of the Light of God into the outer consciousness of mankind and It acts like the physical Sun in this respect—shining upon the just and unjust alike. As We have told you often, every blessing given to a chela by the Spiritual Hierarchy requires, in balance, some expansion of God's Divine Plan of Perfection to be made manifest through the conscious endeavors of the chela so blessed. *This is Cosmic Law,* under which We ALL serve!

A period of personal introspection and honest measurement by each aspirant into the MOTIVE BEHIND his or her desire to acquire more wisdom (which is the RIGHT USE OF KNOWLEDGE) will bear fruit in the development of an honesty of purpose which precedes the release of MORE spiritual blessings. Therefore, I say to those beloved chelas who desire to secure more illumination upon their paths—PREPARE YOURSELVES IN HUMILITY to enter into the Temple of Illumination!

If you go at night while your physical body sleeps, ask the Beloved Lady Master Leto to help you remember clearly *in your brain consciousness* where you were and what you learned there. Beloved Leto is so well prepared to render this service and She is so joyously willing to give it, too. Then as you return in consciousness to your physical form in the morning, upon awakening EXPECT to remember and wisely endeavor to use the instruction received. Thus do you qualify to receive more and more of the

blessings of God-illumination. I am sincerely hoping for and really expecting this loving cooperation from each of you.

The Temple of Illumination Itself has been described in detail in "The Bridge", in previous issues listed below.

Yours in the Cosmic Redemption of the Earth
and Its evolutions—"I AM"

Excerpts from an Address by

BELOVED GAUTAMA

On the Anniversary of His "Day of Enlightenment"

May 8, 1958

Beloved and blessed Children of Light walking the ways of Earth as once I walked them too, not so long ago (in measure of Cosmic Time)! Today I bring to you that gift which is Mine to give—*My feeling of God-peace* which is the Divine heritage of every lifestream when, by the conscious outpouring of Divine Love, he or she has overcome every externalized appearance of imperfection, as well as having dissolved the far more insidious causes and cores of distress which live within the "many selves" of their own human nature.

Beloved ones, I am grateful indeed to have opportunity today to speak to those lifestreams on Earth who are dedicated to expanding the Light and who wish to be a living, vibrant part of the dawning Age of Freedom which is under the direction of Our Beloved Ascended Master Saint Germain. I am grateful indeed to so have the loving co-operation of your life, understanding and willingness to accept and assimilate knowledge which has been buried far too long in the Llamaseries of the East. It is so gratifying to Me to know that the release of My consciousness to the people of Earth is no longer confined to the few short lines of instruction which I gave on that Day of My Illumination—when I returned from My endeavors of seven long years, spent by Me in My sincere search for God-truth—the Heart of the Silence.

The masses of mankind enjoy glamour and the excitement of the unusual. They also enjoy the feeling of security which they have when they can *look backward* to their Teacher Who is safely beyond the veil of so-called "death" and (they think) cannot then confute

whatsoever translation has been made of the instruction originally given by that Teacher. My teachings have been no exception to this, nor have been those of the Beloved Jesus or any of the Divine Beings Who taught here while in an unascended body, to a kindly but not always too alert group of people.

In regard to those comparatively few words of Mine which have been immortalized and which form the actual text as it appears in English today, these words state the Truth concerning THE MIDDLE WAY, practicing the living of which enables one always to walk in the perfect balance of life. I am indeed grateful, too, to know that they are so little discolored by human concepts. However, I am far more grateful—as is every one of the Spiritual Hierarchy Who presently are under My direction, that you do not delegate Us only to the days of past glory, but allow Us to come now and again to you—keeping up with the times and yet elaborating upon the ETERNAL VERITIES for your enlightenment. Some of these truths which have been given in the past have lost much in essence and much in accuracy through translation because of the lack of complete comprehension by those kindly men and women who, for posterity, endeavor to record and translate the teachings of Truth from those of Us Who, from time to time, came forth upon the screen of life as the particular Light of an era.

Gautama's Spiritual Awakening

I am sure that most of you know that, in My early years (in My final embodiment here), I lived in an environment and atmosphere of quiet and beauty, provided for Me by the loving solicitude of my (physical) father who, at that time, reigned as a King in India. I was educated in My father's palace and, in the gardens which surrounded it, there were only the most perfect manifestations of the Nature Kingdom—vegetation, animal and bird life and only the most perfect of the men and women of India were allowed to serve Me. The children who came to play with Me were picked from the finest of the families at Court and, before they came into My presence, they were trained to refrain from allowing Me to learn of the conditions in the world outside those garden gates. Knowing not otherwise, I believed that such perfection as I enjoyed was manifest also in the whole world—even outside the gardens of the palace. That was a false Eden. However, one day through a careless remark from one who was serving Me, I suddenly learned that outside of My world—all over India—there were conditions manifesting of starvation, disintegration, decay, death and chaos of every description. I can tell you that *then* My consciousness was sorely shaken at such a revelation. Of course, in My last embodiment here, I was born without any destructive karma and with very

alert outer senses as was, too, the Beloved Jesus. Therefore, pondering upon these conditions of distress which I had just learned existed in the world, I could not believe that such was the Will of God for His beloved creation. Then and there I determined to do whatever I could to remedy these conditions.

At the same time, I began to feel the pressure from My Holy Christ Self within—Its desire to have Me fulfill My Divine Plan and reason for being. I then made My first renunciation—that of My father's name, throne and the security of temporal power. I also left My Own beloved wife and baby son, going alone into the heart of the forest, there to try to find the Divine way to control My Own energies and to find GOD-TRUTH. To do this, I had to sustain a physical vehicle during the entire seven-year period while I persistently directed My consciousness up through the psychic realm which surrounded the Earth at that time— (much less purified then than it is today—I can tell you!) Then I continued to ascend in consciousness up through the Divine Realms of perfection.

In the lower realms I heard the many voices there—some good and some evil. I also had the same temptation that every unascended being has at one time or another, to relinquish this self-imposed task and return to a throne of temporal power. However, through the radiation (particularly) of the Beloved Archangel Raphael, I was sustained in My quest for TRUTH and My physical body did remain in the heart of the forest, while My consciousness proceeded onward and upward into Light.

Through the loving direction of the blessed Pallas Athena (Goddess of Truth to this Earth) and many Others of the Cosmic and Ascended Beings Who were assisting Me, I did so proceed up through the Seven Spheres of perfected consciousness until that glorious, wonderful day when I personally stood in the effuglent glory of the Godhead of this System of worlds, Beloved Helios (Whose Cosmic service is Illumination) and Vesta, His Divine Complement (Who represents the Goddess of Truth to our entire System and Whose Cosmic service is the holding of the Immaculate Concept and the releasing of God-truth to all in our System). There I saw and knew for Myself the Eternal Truth that GOD IS GOOD; that His desire for all His creation is GOOD and the Truth as recorded in your Bibles of today—"(Human) eye hath not seen; (human) ear hath not heard; neither hath it entered into the heart of man . . . the glories which God hath prepared for them that love Him . . . ." I knew then that all these distressing appearances of desolation and imperfection which were manifest upon this Earth and Its evolutions WERE NOT GOD'S WILL—NOR ACCORDING TO HIS DIVINE PLAN!

Gautama's Use of "Projected Consciousness"

Now, this process by which I made these various trips was "projected consciousness",—the very same process which you have been taught to use today. My physical form was seated beneath a tree in the forest—of course quite wasted because of the lack of rhythmic intake of food and drink, as well as from lack of exercise for, remember, My search for ultimate. Truth lasted for seven long years and My body stayed in the forest all of that time. However, that body was sustained—in part at least—by gifts of food and drink from passing travellers who saw it seated there. When the vital energies of My body would get too low, those Divine Beings Who were assisting Me would have Me return to that body and partake of the food and drink which had been provided. Thus, I could resuscitate that body enough so that I could journey farther in "projected consciousness".

Never, never, NEVER shall I forget My feelings of joy at seeing the beauty and perfection in those Seven Spheres. To be successful in such a venture as I had undertaken, one must be *altogether one-pointed in consciousness,* invincibly determined to accept or stop at nothing short of the attainment of one's ultimate goal—no matter how magnificent or attractive other distractions might be to his consciousness. In this connection, let Me tell you that just being able to witness the perfection in any one of the Seven Spheres would be quite enough to divert one's attention and determination to progress further!

As I have told you, as I began My search for Truth and directed My consciousness to the Divine Realms, first I had to pass safely through the astral or psychic plane which surrounds the Earth, at least for some ten thousand feet around It! Then, as I began to enter the Divine Realms, I entered first the Seventh Sphere—that presided over by the Beloved Ascended Master Saint Germain. As has been explained to you in previous issues of "The Bridge", every lifestream originally came forth from the Heart of the God-head and by self-conscious choice decided to take the journey through those Seven Spheres of Divinity. So, having passed first through the First Sphere and on through the Seventh, when one returns to the "Father's House" he must, of necessity, proceed through the Seventh Sphere first as the Spheres would be traversed in the reverse order from one's "coming out" from the God-head. Do you see?

Beloved ones, the beauty and perfection of those magnificent Violet Fire Temples, Angels and majestic Ceremonials of the *Seventh Sphere* might easily hold the attention of the most earnest seeking soul—more particularly so because this is the first contact

with the perfection of the Seven Divine Spheres which one contacts on such an upward journey.

Next came the glory of the *Sixth Sphere* (activities of Ministration and Peace). Here I had a great test, as My heart was that of the missionary and My desire was to minister unto the people. In this Sphere I saw the Great Angels and activities of Ministration in action, releasing the mighty Healing Rays, blessings and assistance of every description to every one on Earth who so required such help. Here, I must confess that I thought: "Yes, this is My place." Yet, within Me something kept saying: "On! On! and On! to the HEART of Truth!"

Then, as I entered the *Fifth Sphere* wherein abides the Flame of God-truth, I thought: "Here is the Truth I desire and this is the Sphere in which I shall dwell! I shall learn all that is herein and take it back to men." Again something within My heart urged Me on, and I entered the *Fourth Sphere.*

In this Fourth Sphere of God-purity, I witnessed the magnificent Cosmic Beings, Ascended Masters, Seraphim, Cherubim and Angels of Purity in action and, as such perfection was made manifest right before Me, I experienced again My personal conviction that THAT Sphere *must be* the Ultimate! However, I was assured from within that this was not so—the "voice within" still urging Me on.

Then on this upward-reaching journey, as I passed into the *Third Sphere,* I found It to be that of the most powerful Divine Love—that Divine Love which is, of course, the true nature of the God-head Itself, as well as of Myself and of every lifestream which God has created—that Divine Love which all were and knew and had with the Father "before the world was"! Here I thought: "Now, truly is Divine Love the Ultimate!" But here again, something within Me said: "Press on!"

On I went into the *Second Sphere* where the Ascended Master Teachers and educators work and here again I must confess I did pause briefly. You see, teaching long had been My profession. I visited there the Temples and listened well to the Great Ones Who were preparing instruction and various assistance for the religions accepted and served by the various peoples of Earth. I thought here: "Perhaps this is My place and I have found it at last!" However, still something within Me said: "No! still proceed!"

Then, after having passed through the Realm of the Teachers, I finally moved on into the *First Sphere*—the Sphere of Ideation where the Blue Flame and Ray of Power are created and released. Here, in the tremendous speed and power of activity which takes place constantly, as I entered into this accelerated consciousness, at first I thought I had "over-shot My mark" and felt that perhaps I should have stayed in the Third Sphere of Divine Love. In this

First Sphere it was not so easy to hold My consciousness steady in this accelerated movement of energy. There the Mighty Hercules and Amazon (Elohim of the First Ray and His Divine Complement) and Others of Those Who serve on this Ray, were speeding back and forth in service so fast that it was difficult for Me to know just what They were doing at the moment. Yet, the light within Me said: "If you will yet press on through this Sphere—YOU SHALL FIND TRUTH!"

So, garnering up all My spiritual strength in as much dignity as I could in the presence of the constantly flashing fire of Beloved Hercules, Amazon, Archangel Michael and the Mighty Morya, I went on.

Finally, as I have told you before, I came into the Heavenly Presence of our Father-Mother God! So brilliant was Their light; so loving were Their hearts; so magnificent was Their Peace and, too, Their power, that I could but prostrate Myself before Them. Then, in that tremendous loving graciousness which is Theirs, They bid Me arise and, giving Me Their personal blessings as well as the blessing of Those of Their entire Sphere, They allowed Me full freedom to enjoy the wonders of perfection to be experienced there. In this heart of the God-head I enjoyed the feeling of ONENESS WITH MY CREATOR—just as you will one day do when you have finished your course and, in the victory of your Ascension, become ONE FOREVER with your own Electronic Presence "I AM". However, in your case, you will have permanently arrived at your Eternal "Home"—"to go out no more!"

Do you know, lovely ones, that when I finally decided to leave those glorious God-parents to bring back to men the Truths I had found there, THAT renunciation was MUCH HARDER to make than the one of leaving My physical father's Court for I had reached My goal—the Heart of Truth—for which I had been seeking so long. There, with My magnificent God-parents, I was living in the heart of Love and Peace with My DIVINE parents Who, in the very beginning of My individualization as a self-conscious Being—had created MY SPIRIT—not My flesh!

Eventually, however, the presence of the feeling that it was necessary for Me to fulfill My Own Divine Plan and the loving assistance of My Guru to such fulfillment, impressed upon Me the fact that just the enjoyment of Nirvana was not My task! That "task" (the fulfillment of My Divine Plan) was to bring the Truth and glory of Nirvana back through the Seven Spheres to the worlds of men. To do this, I had to re-animate that emaciated physical form and, resuscitating it, use it to move among mankind—bringing Truth first to India where I was living on Earth at that time. Through India, it had been hoped by the Spiritual Hierarchy that this Truth might

be consciously expanded to all the world. Thus I made this final renunciation gladly too—, dear friends—I made it not only for Myself, but for you and all mankind as well. In the last analysis, when all these outer enjoyments have been experienced, everyone finally realizes that there is no genuine or permanent joy except that of doing God Will!

So back I came to Earth, through all the Seven Spheres again —this time not stopping long anywhere on this return journey, lest I lose even a very small part of the Virtue and enthusiasm to move forward the activities which would fulfill My Divine Plan here. I came back into that blessed physical form, rhythmically charging it with energy from above and, as soon as I was able to use it, began to move about among the people. Then began My real pilgrimage upon Earth, the sweet and lasting association with Ananda (formerly in embodiment as Moses) and the gathering together of My disciples whom I taught as best I could, enabling them to go forth and spread abroad My message in God's Name.

Unfortunately, however, from the invisible astral plane which surrounded the Earth then and where there were certain mass momentums and creations of discord gathered (especially in that part of the world) that "force" would not allow THE LIGHT which We had brought to India to spread to the rest of the world. Finally, when My Own Divine Plan had been fulfilled and the time for that Earth-life here had been spent, I asked the Great Cosmic Law to allow Me to return into the atmosphere of Earth at least once each year at what is now known as the "Wesak Festival", in order to expand the illumination, enthusiasm as well as the physical AND spiritual energies of those who serve My Cause—even today. Then, I rejoice to say that a very lovely and humble Princess (known today as the Ascended Lady Master Kwan Yin—Goddess of Mercy), carried the Truth of My teachings into China and, whereas India renounced those teachings for a long time, China held the faith!

NOW—Accept Gautama's Feeling of Peace

Beloved ones, will you please try to remember and HOLD THE FEELING (for at least twenty-four hours from now) this radiation of Peace which I am giving you today (and, of course, shall give to all who read My words). Remember always, too, that I LOVE YOU, LOVE YOU, LOVE YOU, and, if you seek the Peace and Comfort of Pure Divine Love and find it not in human beings, may I humbly offer you MY FEELING, substance and energy of My Peace, which is MY GOD-GIFT TO MAN! Remember, I am your Eternal Friend and I joyously await your conscious entrance into Our Realm in the Victory of your Ascension.

THE MASTERS OF WISDOM SPEAK

(ON: THE DEVELOPMENT OF PERSONAL GOD-ILLUMINATION)

MAHA CHOHAN:

God-illumination is one of the most priceless gifts given by Our loving Creator to every self-conscious intelligence at the time when individualization of each lifestream first takes place and the immortal, Victorious Three-fold Flame of God is projected forth from the Father-Mother God. This Flame (which is the Heart of Being), is Blue on the left, Gold in the center and Pink on the right. As We are concentrating this month upon the development and expansion of the Golden Flame of Illumination (which is the center of balance of the Three-fold Flame in every human heart) I impore you to develop the expansion of this Golden Flame within you, with the assistance of the God and Goddess Meru and the Brotherhood of Illumination at Their Retreat.

For this thirty-day period, These Great Beings are lovingly offering each dear and earnest chela the services of a personal Sponsor—a lovely Lady of Light from Their Retreat—Who will be in attendance upon you for the entire twenty-four hour period of each day. If you will accept Her Presence, at your call She will help you to successfully perform your chosen God-service, as well as give you the assistance of Her light to illumine your own individual way.

Beloved ones, believe Me when I say that LIGHT IS INSTANTLY OBEDIENT TO YOUR CALLS! Invoke Its limitless power and powers—right here and now—through your outer selves and practically experience Its immediate and joyous response to your every call. It will act in, through and around you, setting you free forever from any and all temporary shadows, either of your own making or those which you may have accepted from others. Of course, you can give a tremendous service to your fellowman by calling It forth to free others, too.

EL MORYA:

Unascended beings, in the deep recesses of their souls, often do not *really* desire God-light to illumine to themselves or to others the various imperfections which have formed the shroud of human effluvia in which they exist. Today, the Cosmic Law has issued the Fiat to the Earth and all Her evolutions that THEY MUST CONTRIBUTE MORE LIGHT TO THIS UNIVERSE and to the entire Galaxy as well. No lifestream can refuse permanently to give obedience to this Fiat and remain as a guest upon the Planet Earth or in Her atmosphere.

Sufficient loving, willing obedience to this Cosmic Fiat by those evolving upon the Earth at this time could and would avoid many of the distresses which otherwise may have to externalize here in the world of form until all life, of necessity, will desire to co-operate in this Universal endeavor to make of Earth a shining Star!

Tremendously forceful though My energies may seem to be to some unascended beings who, as yet, are not spiritually cognizant of My REAL love for this sweet Earth and Her attendant evolutions, *let the Gentle Reader be assured* that the pressure of such energies which are Mine to contribute toward the establishment of God's Holy Will on Earth, *are motivated only* by a WHOLLY DIVINE desire to help each intelligent being to expand his or her own light, thus creating beauty and perfection in the Earth, upon Its surface and in Its atmosphere. After all, should not one *naturally expect* more powerfully energies from the First Sphere where I abide and from which I release the energies of the First Ray, since they are those of the PURE POWER of Divine Love—and proceed direct from the heart of the Godhead Itself.

You know that it takes tremendous harnessed and consciously directed intelligent energies to light a whole metropolis here—even by artificial means (electric power). So does it require a tremendous pressure of concentrated and consciously directed God-energy to help free the imprisoned life (human and elemental) which make up all of Earth's evolutions, thus allowing It to quickly release Its own natural light. *To love life free* from that which is not now and never was God's Will for it, is *My reason for being.* So, of course, I cannot be disturbed in any way by the human opinions of those who, not completely understanding, might feel inclined sometimes to disapprove of My endeavors to direct the pressure of God's Will to assist them in the expanding of their own God-light. LIGHT SHALL BE RELEASED TO AND THROUGH THIS EARTH NOW—by the NATURAL "CONDUCTORS" of that light here, i.e., those lifestreams who have been using the Earth as a planetary home for centuries! Artificial conductors of light have been a great blessing to mankind all through the ages but now we enter the day when every man, woman and child shall be called upon to contribute his or her own personal light to the Light of the World! BE READY! PREPARE YOUR-

SELVES TO BE LIGHT-BEARERS NOW! You know that one becomes such a LIGHT-BEARER by the expansion and practical daily use of the God-virtues from within his own lifestream. At your conscious call, *We shall joyously help you!* Surely you know that We have no desire to press you into making endeavor beyond your capacities, but We see so clearly your potential worth as LIGHT-BEARERS and We want you to experience the joy—right here on Earth—of being a conscious part of the expansion of the Light of the World!

KUTHUMI:

True God-illumination is, of course, the gift of the Brothers and Sisters of the Golden Robe Who serve on the Second Ray. Many are the pitfalls of human delusion into which earnest chelas sometimes stray in their search for knowledge and illumination upon mystical subjects—if they do not have the constant God-protection and guidance of the Ascended Masters. Their sole interest is in awakening and expanding the dormant powers of Divinity through the Holy Christ Self of every unascended lifestream. This God-protection and guidance is the *conscious radiation* of the Ascended Master, which radiation enfolds the earnest aspirant in Divine Love and protects him (or her) from both visible and invisible destructive forces which would tend to lead such an one from the true path toward God-mastery.

Students who have attained a little knowledge of mystical practices are often inclined to more and more ignore the loving protection of the Ascended Masters by neglecting to daily call for such protection and "go off alone", experimenting with the knowledge which they have intellectually stored within their own brain consciousness. Such independent experimentations so often result in enmeshing the soul and personality in various strata of the psychic and astral realms, linking such lifestreams with wholly undesirable "entities" (destructively qualified thought and feeling forms). These creations are often "mass entities" which abide particularly over heavily populated areas and live by a vampire activity upon the energies of embodied lifestreams—endeavoring thus to express themselves on Earth. Of course, the astral or psychic plane surrounding the Earth (where these creations abide) is now steadily being purified but until this is completely done, every lifesteam sincerely seeking to serve the constructive way of life needs tremendous protection against even the radiation of these creations.

At this time, too, there are also mischievous Elementals who, unfortunately, have absorbed much of mankind's discordant vibrations and these, too, often influence certain individuals to do their

will. You see, these discordant activities connect with a lifestream through the power of attention, invocation and, sometimes, a similarity of vibration somewhere in the world of the receiver of their messages. When these creations are allowed to act through their "mediums", they eventually do great harm to such individuals, as well as to the entire sphere of influence which the "medium" has created about him.

Calling to any Cosmic Being, Archangel (especially the Beloved Archangel Michael), Cherubim, Angel or to any Ascended Master for constant protection against such insidious influences will bring immediate and quite satisfactory results. As this calling to such a Divine Being is wholly a free-will process, it cannot be forced upon any searcher after Truth.

Besides the above, there is also the unredeemed karma of the personality and the soul to be considered. This often desires expression and to the unwary these "many voices" which they hear (that seem to come from God) are merely the pressures of the accumulated energies of the outer self which want to continue to dominate the soul and restrain the Spirit. Absolute honesty on the part of the chela is essential to achieve the spirit of Grace which enables him to cognize and obey the "still, small voice within" which, of course, is the Spirit of God acting through the Golden Flame of Illumination, right within one's own beating heart.

We are so willing and able to help any and all chelas who really desire to avoid such pitfalls (subtle or flagrantly apparent) by the giving of Our advice, instruction and protecting radiation. We are willing to help you to rise emotionally, mentally, etherically and physically above all vibrations of a discordant nature and prepare yourselves to visit with and enjoy the actual Presence of the God and Goddess Meru! When you have had such an experience *even once*—no fraudulent energies will be able, even for an instant, to touch the hem of your spiritual vestments (purified aura). It is well worth your constant endeavor to persevere to this end!

PAUL, THE VENETIAN MASTER:

As our Gentle Readers so well know, the service of Our Brotherhood is to EXPAND the Immortal, Victorious Three-fold Flame of God's Eternal Truth through every individual belonging to Earth's evolutions still unascended. This Flame is held within the Chalice of every beating heart and the Holy Christ Self which lives within that Flame is now destined to burst the tomb of the human creations which have limited It for centuries; allowing it NOW to become the Divine Directing Intelligence of all personalities on Earth. Thus, quickly, We shall see manifest the Permanent Golden

Age on Earth. The activity of Our Brotherhood is to pour the pressures of Our feelings of Divine Love upon the Christus in every "human" heart until those very pressures set that Christ-self free!

Through the gracious invitation of the God and Goddess Meru to visit Their Temple of Illumination in consciousness during this thirty-day period, every blessed chela will have added opportunity now to expand the Golden Plume of the Three-fold Flame within his own heart and thus balance more quickly the triple activity of Divine Love, Wisdom and Power through them for the benefaction of themselves and the entire human race.

SERAPIS BEY:

At Luxor, from time to time all through the ages, We have been approached by many lifestreams who sought spiritual knowledge which they could use for personal gain. However, the Divine Law is such that, as each morsel of true spiritual knowledge is released to any individual, careful measure of what such an individual DOES WITH the knowledge so given must be recorded on their Book of Progress. This recording determines how much MORE energy, instruction, radiation and grace can be given by Cosmic Law to such an one. Thus the aspirant himself—*not the Ascended Master or Guru*—really keeps the door open to a continued steady flow of the God-given directives of the Spiritual Hierarchy; or—conversely—CLOSES THAT DOOR by the lack of that one's *impersonal* use of the knowledge which he has received for the benefaction of the entire race.

Those who have selfish motives behind their desire to pierce through into the mysteries of Spiritual Science automatically disqualify themselves to receive more of the deeper aspects of Truth. Such individuals, ofttimes, are not even cognizant that they have temporarily closed the door to the greater reception of those Truths which, if practiced, would result in their personal self-mastery and, ultimately, their Ascension into the Realm where We abide!

HILARION:

As it has been My great joy to be among Those Who endeavor to teach individuals the Science of Self-mastery, I cannot overemphasize the necessity for the earnest student to develope from within himself true God-illumination as differentiated from *intellectual accretion,* which merely surfeits the brain consciousness and inflates the personal ego.

God-illumination ALWAYS manifests as true humility, wisdom, selflessness and impersonal consecration to the service of that particular constructive line of endeavor upon which the individual has

volunteered—thus externalizing in manifest works well done, his particular portion of the Divine Plan. Every one of the truly great men and women who have left LASTING LIGHT upon this Earth as a heritage to all succeeding generations, has been humble and self-effacing in the extreme. Whatever avenue of service to which you have consecrated your life energies, this can best be developed and expanded (particularly during this thirty-day period) by making good use of your opportunity to enjoy closer proximity to the ILLUMINATION FLAME, by giving It your rhythmic attention for a few minutes, definitely set aside each day for this purpose. Such a practice will allow this glorious Flame to widen and enrich your abilities to serve your fellowman with greater blessing.

JESUS—(*Who, jointly with Beloved Kuthumi, has recently qualified for the Office of World Teacher, which Office was formerly held by Beloved Lord Maitreya*):

Recently, through the loving kindness of the Great Cosmic Law, both Beloved Kuthumi and Myself have been elevated to the Office of World Teacher—through the acceptance of which Office We now have the great privilege, as well as responsibility, of endeavoring to perform the services previously given with such God-perfection by Our Great Teacher, Lord Maitreya.

The lovely Lady Master Nada has kindly and graciously offered to accept the Chohanship of the Sixth Ray which I formerly held. Therefore, in the succeeding issues of "The Bridge", She will give to you Her instruction on the activities of the Sixth Ray. I would like here to thank personally the Beloved Lady Master Nada for Her gracious acceptance of this Office, for Her acceptance thereof has allowed Me the fuller freedom to utilize My energies in the preparation necessary to act as a World Teacher for this dear Earth and Her attendant evolutions.

LADY MASTER NADA:

It is with great gratitude and joy that ALL Members of the Ascended Hosts of Light accept ANY Spiritual Office offered Them by the Cosmic Law as opportunity for greater service to all life. Therefore, in all humility, I have offered to the Great Karmic Board those energies which are Mine, to be utilized in expanding the loving ministration so beautifully expressed and freely given by My Illustrious Predecessor—Our Brother Jesus.

Having had the splendid training and experience of living in spiritual communities before My Ascension and, under the direction of the Beloved Archaii Charity Herself, I learned to consciously

bring into being, maintain and expand SUSTAINED HARMONY THROUGH THE RADIATION OF PURE DIVINE LOVE! *Now I offer the full-gathered momentums of My lifestream to any and all* of the brave chelas who, today, form the focal point of the spiritual energies which are being channelled through them for the benefaction of all the members of such communities or groups. Those who can accept this specific service which I can give (because of My having developed them through many centuries) will find it a great deal easier to transmute into light the many hidden as well as apparent imperfections which may be in the members of such communities or groups.

My offer particularly applies to the beloved Sanctuary and Group Directors who voluntarily take on the responsibility of assisting in the transmuting of yet unexpiated destructive karma of those who are drawn about them to magnetize some specific Virtue of the Godhead—then releasing and expanding that Virtue in this world of form for the blessing of all. Of course, the Director of the community or group is God-inspired as to which particular Virtue is to be magnetized at certain points on the Earth's surface where such groups are located. Those who are attracted to such a Director already have builded into their Causal Bodies certain related Virtues to enrich the entire Activity.

Beloved ones, *remember always* that the actual Ray and Flame magnetized through your spiritual Director are augmented in power and efficacy by the release of the energies from the members of the particular group or community. Where one or more members of such a community attempt to dominate or interfere with the harmonious directing of the actual Ray and Flame as magnetized by such Director, rather than to *impersonally* contribute to its efficacy by holding to a single purpose and design, there is bound to be temporary conflict and inharmony. Individuals who find themselves out of harmony with their Sanctuary or Group Director will wisely and quickly transmute that desire for *self*-expression to protect the individual and collective harmony of the entire unit; or, if they so desire, they may call the Illumination Flame to place them in *some other* group or community wherein their energies will be able to express themselves constructively and in loving co-operation with others.

As you know, at the invitation of the Beloved Serapis Bey at Luxor, I served there for some time as a harmonizing presence among those hopeful aspirants in His magnificent Temples. I bear witness to the fact that, through endeavor of human will and certain spiritual arrogance, many desired to complete the rigorous course of self-discipline at Luxor, wherein they suffered undue hardships,

because they were not willing to transmute their own human nature. Had these good people followed a less arudous discipline in another Retreat, they would have been happier in themselves and, too, would have lessened the pressures and strain upon the *qualified* aspirants!

(NOTE: We think our Gentle Readers might be interested to know that the gracious Lady Master Nada made Her Ascension from this Earth more than 2,700 years ago!)

SAINT GERMAIN:

I personally bless the Great God and Goddess Meru, the ILLUMINATION FLAME and Its sincere and devoted Brotherhood for sustaining this Cosmic focus of Light upon the Earth and in Its atmosphere, as FULL FREEDOM for the individual, the family, the Nation and the very Planet Itself depends upon GOD-illumination. My Cause, of course, is that which will establish the Kingdom of Heaven on Earth and It can best be served by the full illumination of the outer consciousness—not only of the chelas but of all mankind.

As the Seventh Ray is primarily devoted to the Science of the Conscious Invocation of God-free Beings, I cannot urge you too strongly to invoke this glorious ILLUMINATION FLAME into your own personal consciousness *daily* and, (if you wish to give an impersonal service) then into the consciousness of all mankind—PARTICULARLY THE LEADERS AND DIRECTORS of the thoughts, feelings and actions of the masses.

The Gods of the Mountains (of which Beloved God Meru is One) are some of the most glorious friends you shall ever know! I await the day when you have qualified (by complete purification of your lower venicles) to see them with your physical sight. Until that day, take advantage, My beloved, of the Dispensation afforded you to visit in projected consciousness, the Ascended Masters Retreats (particularly during this thirty-day period when the Illumination Flame is so freely and lovingly offered to you). Such radiation as you can receive by proximity to this Flame of God-perfection will enable you to raise your consciousness above the petty human discords of the lower strata of Earth into the pure, clean, uncluttered heights of the Andes Mountains. Here is the lovely Retreat of the Beloved God and Goddess Meru, your gracious Host and Hostess Who await your coming. They are so lovingly and graciously willing to serve you. I, too, shall be among Those Who await you there!

BELOVED GAUTAMA— (*Continued from Page 11*)

My dearly beloved ones! If you only knew just how important is the drawing, sustaining and expanding of the feelings of TRUE PEACE! It is much more important than the obtaining and using of money (to which the outer consciousness attaches such supreme importance!); it is more important than almost anything which the outer consciousness considers of value for, in TRUE PEACE do the healing currents freely flow; in TRUE PEACE you are able to understand clearly what the Divine Beings desire you to do and have done; in TRUE PEACE your own Holy Christ Self has opportunity to direct that outer consciousness. Do you know that in TRUE PEACE just seven men or seven women (or a harmonious co-operative group composed of both) could create and sustain a Temple wherein the healing of any lifestream could be accomplished without any one of those seven speaking even one audible word? This peace of which I speak is not *surface peace!* It is the Peace of which Beloved Jesus spoke when He said that it surpassed the understanding of the outer mind. It is the peace which comes when you have found your Real Self—the peace that comes when you KNOW that GOD'S WILL IS GOOD FOR YOU and for all; the peace that comes when you are willing to renounce that which is dearest to you in favor of God's Will being done. From personal experience, I can tell you that, in renouncing My physical father's name and throne, as well as My lovely wife and baby son, I REALLY FOUND THEM and My wife and son later became two of My most earnest and loyal disciples in helping to spread THE WORD!

In having renounced the joy of living in the Realm of Great Perfection wherein dwell the Father-Mother God, I found on Earth the God-presence in the heart of every simple peasant, in every blade of grass and in every living thing. These God-parents are the Creators of all and Their light and love interpenetrate all. So, I found that renunciation brings its own reward. *That which you renounce in God's Name and for His service, is returned to you as a permanent blessing of good,* Believe Me—beloved ones—*believe Me!*

Now, like many others, the doctrine of renunciation has been distorted into meaning that one should take the vow of absolute poverty. THIS IS NOT GOD'S WILL! My teaching is that of learning personal detachment from persons, places, conditions and things—giving no power to hurt or distress to anything external. However, this does not mean that one lacks in the feeling of Divine Love and blessing for and to all, nor that one should deliberately live in foolish poverty—experiencing the lack of any good thing which, if he had that good to use, would enable him to fulfill his Divine Plan much more easily, quickly and perfectly.

Now, I have radiated into your worlds the actual substance and qualified energy of MY FEELINGS OF GOD-peace. LET IT ANCHOR in, through and around all your four lower bodies today, there to be eternally sustained, all-powerfully active and ever expanding. May the God-reality of MY VERY PRESENCE ever be made manifest everywhere you move, through the radiation of your own dear selves and auras. Thank you and Good morning!

BELOVED MARY (Mother of Jesus) SPEAKS

On Her Ascension—Honored August 15th of Each Year

After the triumph of the Resurrection of My Beloved Son, Jesus, He told Me that I had opportunity at that time to make My Ascension at the same time He made His Own. Jesus said that I had then earned My Eternal Freedom to live in the Spheres of Light in which He would dwell—He, Who, through that entire embodiment, had been most precious to Me of all individuals. However, as I have told you in My "Memoirs", on that first "Good Friday", I ascended Golgotha's Hill the Mother of ONE and descended it THE MOTHER OF ALL! So you, beloved children and all mankind, *are now as dear to Me as Jesus was then, is now and always shall be!*

Naturally the heart of a Mother longed to accompany Her Son and enjoy His continued companionship without separation. Yet, with a Mother's sensitivity, I felt that within the heart of Beloved Jesus was the hope that I would make a *temporary* renunciation of the Crown of Immortality at that time, so that I might be able to stay here a bit longer to comfort, protect and educate His disciples, apostles and followers,—as long as My service was needed here. Remember! I had prepared for and lived that entire lifetime *almost solely* to serve Him and Our Father-God Who sent Him. Thus the sacrifice of My *immediate* Ascension was easy to make then, so that Beloved Jesus could enjoy the glorious experience of His Ascension without any sense of apprehension as to the God-success of His dear friends in establishing the heart-center of the Christ Dispensation for which He had taken embodiment and which He had served so faithfully and so well.

Almost as well as Blessed Jesus, I knew how very much His disciples and apostles would require a stabilizing influence for some time to come, in order to firmly anchor into the emotional, mental, etheric and physical consciousness of the Earth and Her people,

those roots of the Christian Dispensation which would form a foundation strong enough to endure for the next two thousand years. The years that followed proved in manifest works His Wisdom in desiring Me to stay for a while, for it enabled great Divine assistance to be given to those who so dearly loved the Blessed Jesus. This assistance enabled them to develop from within themselves those certain Virtues and strengths to anchor, serve and expand that Dispensation.

As you know, His gracious father, (the Beloved Joseph) had left the Earthplane some years before and so it was *My* truly great joy and humble privilege to recount over and over again to the disciples, the more intimate and yet very pertinent information concerning His Nativity, childhood and Ministry which I alone knew. This made possible the writing of the simple Gospels which form the heritage of the Christian Dispensation even today, which so many of mankind have enjoyed and from which they have received so much benefit.

During the establishment of the first Christian Community at Bethany the demands upon My *physical energies alone* were tremendous, and, at that time, there was the daily requirement for the exercise of real understanding and God-patience with those who were so earnestly endeavoring to harmonize and adjust the personal differences—spiritual and otherwise—which quite naturally arise when many unascended lifestreams with personal idiosyncracies and varying backgrounds of previous experience are brought together. However, I can assure you that when I did attain My final Victory—*that* was worth every hour of the service which I joyously gave.

When, finally, I was apprised of the fact that My service was to be completed here, I rejoiced that My earthly pilgrimage was soon to come to an end, for the years had taken their toll of My physical form. I called about Me the disciples and apostles who were then with Me and, giving Them My personal blessing, bid them a fond adieu. Then, in the glory of God's blessed mercy, I rejoined My Son in the Heavenly Realms where I now remain—as He does—the constant faithful Friend and Protector of all who desire My help. *Now I am your Mother too,* beloved ones, and I urge you to call upon Me whensoever you require assistance of any kind. It is My joy so to serve you—each one!

Remember, My children, We Who have achieved the Ascension are your Divine Friends Who, *by the sincere and persistent application of the very same Laws of Life you are being taught today,* have attained Our Own individual Victory of the Ascension, returning into Our Own individualized God-Presence—"I AM". Having victoriously walked the ways of Earth ahead of you and knowing the

FEELING of God-mastery over all things human, We are now able and so joyously willing to assist you to successfully finish your own pilgrimage which, one day, will end in the Victory of *your personal* Ascension too! Your acknowledgment *of,* as well as your adoration, devotion and service *to* your own Beloved "I AM" Presence is always paramount to you and neither Beloved Jesus, Myself nor any of the Ascended Host desire to be worshipped as Deity Itself IN THE PLACE OF YOUR OWN INDIVIDUALIZED "I AM" PRESENCE! Rather, at all times, We desire to be considered as your Divine Brothers and Sisters Who have attained the perfection of the Divine Image of Our Source. Thank you and Good morning!

MONTHLY LETTER TO TRANSMISSION FLAME CLASS

August 16, 1958.

Beloved Children Seeking More Light for Your Own dear Worlds
and More Light for the Earth—Your Hostess:

I bless you without limit for the earnest desire which is within you to reclaim *into your outer consciousness* your God-given heritage—ILLUMINATION THROUGH GOD'S LOVE!

This night We shall all gather together in the blazing focus of the Retreat of the God and Goddess Meru, there adding Our light and blessings to Their sustained ILLUMINATION FLAME. As We (the Spiritual Hierarchy of Ascended Beings and the humble, reverent, worthy chelas) GIVE of Our light and blessings to These two mighty Beings and the Cosmic Ray and Flame of Illumination which They and Their Brotherhood have guarded all through the ages and still guard, We also MUST RECEIVE into our own individual worlds, that specific quality of ever-expanding God-illumination.

Here let Me bring to your attention that the Gods and Goddesses of the Mountains are very highly developed Intelligences, about Whom the masses of mankind (particularly in the Western World) know little, into Whose Presence so very few unascended chelas ever come and to Whom they give little attention. However, let Me assure you that These great Beings are the VERY EMBODIMENT OF DIVINE LOVE for, the higher each intelligence rises on the Spiritual Pathway toward Ultimate Perfection, the more loving, humble, gracious and kindly such an intelligence becomes (Ascended or unascended)! Then think not of the Beloved God and Goddess Meru (or the Gods and Goddesses of any Mountain Range) as austere and unapproachable Beings. Consider Them as They really are—mighty Magnets of Divine Love—to draw the consciousness of all unascended beings UPWARD into the Light of God's beautiful Presence!

Even before entering sleep and directing your Holy Christ Self to take you to this Retreat, ask that Christ Self also to accept and sustain FOR YOU *in your outer consciousness and atmosphere,* those feelings of buoyancy, light and God-mastery as you return to your personal orbit and physical body *after your visit* in projected consciousness into the Presence of the Beloved God and Goddess Meru.
